COMPREHENSIVE HISTORY

RESERVED. Registered in October 1967, this factory original Morris Minor convertible is finished in Trafalgar blue with blue vinyl interior, complemented by a tan folding soft top. The car was subject to a full cosmetic restoration in 2000 by Charles Ware Morris Minor Centre, the work having been documented within its restoration booklet. The car has only covered 10k miles since this, during which time the engine has received a full rebuild in 2004/5k miles ago. In its current ownership for twenty years, the car has been used only occasionally and in dry summer weather. Factory original convertible models are identified by their chassis number starting with the all important M/AT5, as this example displays. This car represents the rare opportunity of acquiring a factory original Morris Minor convertible, sympathetically restored with low mileage and in excellent order throughout. Do call or email for further information or to arrange a viewing.
